'What are your aspirations for your child?' Question within Term 1 3 Way Conferences and Whānau-Kaiako Interviews.

Strategic Goals <i>These are your priorities for improvement which have been identified through your community consultation, your data and/or your ERO evaluations. You can have as many strategic goals as you need.</i> Refer Regulations 7(1)(b)	Which Board Primary Objective does this strategic goal work towards meeting? <i>These are set out in Section 127 of the Education and Training Act 2020.</i> Refer Regulations 7(1)(b)	Links to Education requirements <i>This includes National Education Learning Priorities, education strategies or plans and curriculum statements.</i> Refer Regulations 7(d)	What do you expect to see? <i>What is the anticipated result of successful completion of your Objectives - at the end of 3 years.</i> <i>What evidence will you see of this?</i> <i>What shifts and changes to teachers' and leaders' practices, and learner outcomes do you expect to see as a result of the goals set and actions you will take?</i> Refer Regulations 7(g)	How will we achieve or make progress towards our strategic goals? <i>What high-level tangible steps will you take that will work towards achieving your strategic goals - these will then be broken down into more detail in the annual implementation plans. These must be based on the identities, needs and aspirations for your school community. Some of these need to show giving effect to Te Tiriti o Waitangi and identifying and catering to students whose needs have not yet been well met.</i> Refer Regulations 7(e), 7(f)	How will you measure success? <i>You might want to consider: How will you know how well you have achieved your goals? How will you evaluate impact and learn about what worked, why it worked and what to do next? What success indicators/tools/rubrics will you use to measure the shifts in practice and changes to learner outcomes? What sources of evidence will you gather to support your evaluation? Who will be involved in gathering and making sense of the evidence?</i> Refer Regulations 7(g)
